

Konservasi Indonesia is a national foundation established to support sustainable development in the country. We are the main partner of Conservation International in Indonesia. For more information, please visit: [www.konservasi-id.org](http://www.konservasi-id.org)

We envision a healthy and prosperous Indonesia where biodiversity is valued and preserved. With offices and project sites across Indonesia, we promote a sustainable landscape-seascape approach and establish partnerships with multiple stakeholders across sectors and jurisdictions to deliver lasting impacts for people and nature in Indonesia.

As we are constantly expanding, we are currently hiring to fill the following position for our office in **Jakarta**:

## **IKI SOMACORE Project Manager**

**(Code: SOMACORE-PM)**

Konservasi Indonesia is hiring IKI-SOMACORE (Solutions for Marine and Coastal Resilience in the Coral Triangle) Project Manager where the main work will be in the Sunda Banda Ecoregion. The Sunda-Banda Ecoregion is one of Konservasi Indonesia's geographical focusses that encompasses provinces of Bali, NTB, NTT, Maluku, South-East Sulawesi, and South Sulawesi. The IKI SOMACORE project supports the development and adaptation and implementation of the Seascapes General Model and Regional Framework for Priority Seascapes in the respective countries in close cooperation with the CTI-CFF SWG. The Seascapes General Model has been developed in close cooperation with the partner countries and provides guidance and advice in the establishment and implementation of Seascapes. The project focuses on Lesser Sunda Seascapes (LSS) which covers two countries, Indonesia, and Timor Leste. The IKI SOMACORE Project Manager will be responsible for all aspects of project over the entire cycle including project planning, implementation, tracking, and reporting on deliverables and project status.

### **KEY RESPONSIBILITIES**

- Gather, develop and share project information, actions plans, and deliverables with internal and external project stakeholders. Support project bids as assigned.
- Ensure partner/stakeholder standards and interests are represented and incorporated into project deliverables. Review for compliance with partner/donor agreements.
- Function as a key project information source and advisor. Represent KI and ensure effective communications and information sharing between all partners and stakeholders.
- Oversee the overall implementation of assigned project(s).
- Monitor project progress and provide technical advice on the project's management.
- Identify trends and corrective actions to resolve problems and ensure future project efficiencies. Help identify tools, resources, and training that will facilitate project success.
- Manage the preparation of reporting summaries and project narratives. Collaborate with HQ and Program finance and operations staff on project financial reporting.
- Perform related duties as assigned.

### **QUALIFICATIONS**

- Bachelor's Degree or up to four years of college-level work.
- 4 - 6 years related work experience in project management for multi-sector programs, including planning and budgeting.
- Project management experience, preferably in the global conservation, NGO, advocacy, or related for-profit arena.
- Demonstrated ability to manage complex projects or initiatives involving multiple internal and external stakeholders.
- Superb technical and analytical skills.
- Excellent organization and time management skills.
- Excellent written and verbal communication skills. Proficient in written and spoken English.
- A record of success partnering with, and influencing, key stakeholders and successfully raising funds.
- Proven ability to multitask and meet priorities. Adept at working in a fast-paced environment with changing priorities to deliver quality results.

**WORKING CONDITIONS**

- Periodic travel to the project site and other office locations.
- Ability to work outside the normal work schedule to meet project deadlines or attend meetings in different time zones.
